Dear Parents,

To be considered for enrolment into Kindergarten, the two parish schools stipulate that children are to turn 5 years of age by 30th April of their first year at school.

When determining if your child is ready for school I ask you to consider the checklist enclosed.

Although 30th April is the cut-off date, a child who turns five in the months of March or April can be up to almost a year younger than other children starting school at the same time and parents need to consider the possible social and academic ramifications of this.

Please consider these factors if you have a child not turning five years of age until March or April of his/her first year of school and you are considering enrolment for next year.

Please make sure to include all paperwork as per the checklist enclosed.

Yours sincerely

Michael Croke
Principal
